## THE OYSTER TRAIL

Downtown Mobile Alliance

Mobile Arts Council

The City of Mobile

Mobile Bay Convention & Visitors Bureau

The Mississippi-Alabama Sea Grant Consortium

The Alabama Cooperative Extension System

Alabama Power Company

The Mobile Bay Oyster Gardening Program is a volunteer based project which focuses on education, restoration/enhancement, and research by bringing the reef to the people. Now in its 12th year of operation, Oyster Gardeners have produced more than 500,000 oysters for restoration and enhancement efforts within Mobile Bay.

The Mobile Bay Oyster Gardening Program would like to thank the sponsors, artists, volunteers and committee members who have made The Oyster Trail possible.
