

Street Design Summit:

Increasing Economic Value through Walkable Communities

Wednesday, June 13, 2018

5:00 – 7:00 p.m.

The Steeple: 251 St. Francis Street

Participate in a community dialogue exploring how street design impacts land development. The process will be led by Victor Dover, author of *Street Design: The Secret to Great Cities and Towns*, and Rick Hall of Hall Planning & Engineering.

Who should attend: Business & property owners, environmental groups, public officials and those involved with transportation & planning, tourism organizations, transit officials, bicycle enthusiasts, public health workers, preservation groups, and anyone interested in creating a more successful city.

There is no charge to participate in the summit, but please let us know if you will attend so that we are able to accommodate everyone.

RSVP: chunter@downtownmobile.org

This summit is funded in part through grants from the Ben May Charitable Trust and the Sybil Smith Foundation.
